

***This awards program has been created to recognize the contribution videos have made to the extreme sports industry and to applaud the artistic endeavors of their creators.***

This is the only awards program in motorsports that recognizes the combined artistic talent that goes into producing these great videos and films that not only entertain us but has helped dramatically to grow our sports and its respective audience.

The qualifying videos for this year's nominations were titles that were released from January 1, 2009 to December 31, 2009. The nominees were selected from polling data collected throughout the year and finalized by a nominating committee. The nominees were placed on a popular vote ballot and the voting was opened for any and all to participate.
